Instructions

Landscape design is the first step at having a great looking landscape! This kit is designed for us to get to know you a little bit better so we can help you create the garden of your dreams! Please carefully read through the questions below and complete the provided scale drawing. We require a \$50.00 fee to complete your design. We will design an area for specific area. Multiple areas require additional design kits to be completed and additional fee submitted. Then return this kit with the listed check listed below and we will complete your landscape design in about two weeks. Our designers will contact you to set up an appointment for you to meet us at our nursery and farm to review your design.

Time for you to start drawing!!!!

On the next page, you will need to draw the specific area to be designed to scale. It is essential to provide correct dimensions in order to have correct plant spacing and locations.

(Use a pencil with a eraser so if you make a mistake you easily change it)

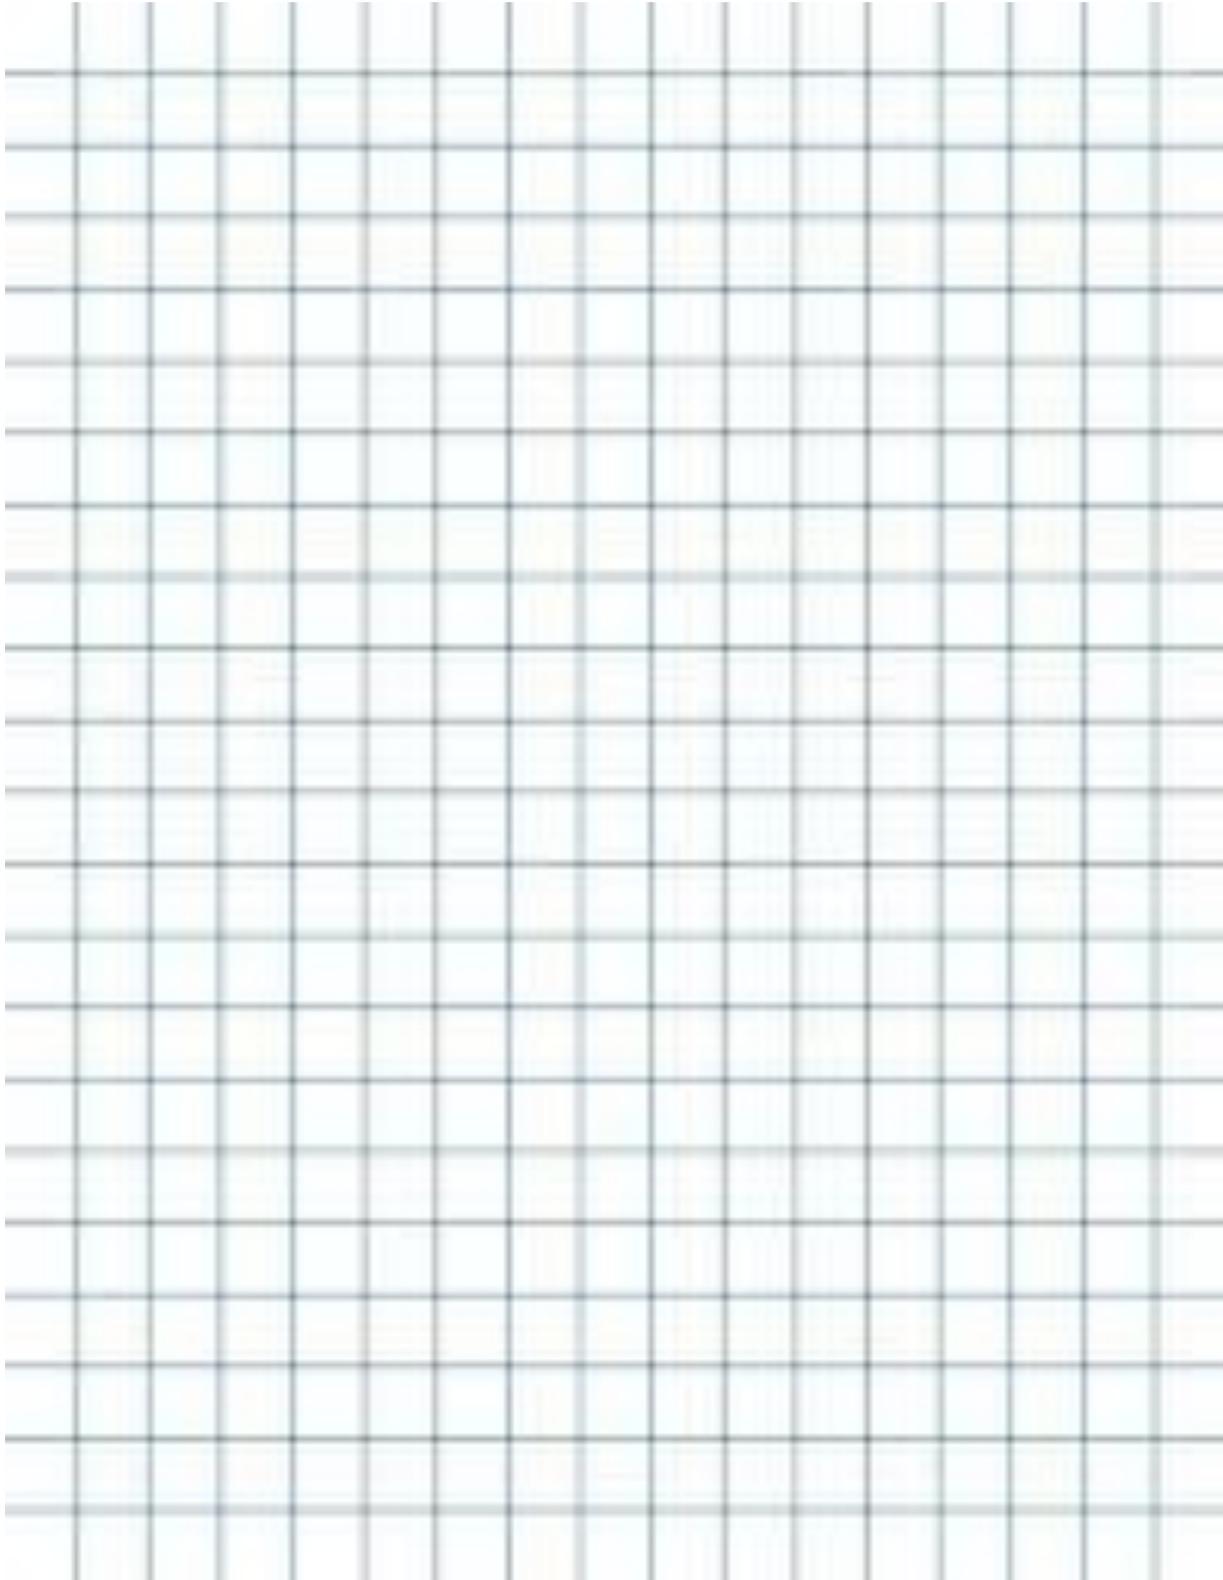

In your drawing please include anything that may affect your design solution, including:

- Existing Plants (Please mark to keep or remove)**
- Sidewalks**
- Windows (Please indicate height of windows and how far from the ground)**
- Water Faucets, Vents, and Heat Pumps**
- Electric or Gas lines**
- Stumps**

Please remember that the more information you provide our designers, the better they can develop your new landscape design.

With this page, please attach your envelope containing several photos of the specific area to be designed as well as photos of the surrounding area. Photos are must. They will not be returned since its part of your design file.

Scale 1 Block =1 foot x 1 foot

Now that your questionnaire is completed!

It is time to pass it along to our designers along with a check for your \$50.00*Design Kit Fee.

(*Please remember that the Landscape Design Kit and fee \$50.00 is for only one specific area. Multiple areas require filling out a questionnaire for each area and a separate design fee.

We are ready to create an award winning design around your specific needs!
